

# FAMILY ORIENTATION

The University of Texas at Austin

---

## Select a Family Orientation Session that includes a Presentation by Your Student's College/School

Family Orientation attendees meet as a group with the college/school in which their students are **currently admitted** for a general overview. You will not be able to attend a desired major's college/school presentation.

If you are unable to attend the Family Orientation session that corresponds with your student's orientation session but would like to attend an alternate session, ensure that you register for a Family Orientation session at which your student's college/school is presenting.

If your student has a dual major in separate college/schools, you are encouraged to attend the presentation by your student's primary major. Or if you have multiple attendees, you may split up and attend different sessions.
